

# School of Engineering Undergraduate Advising News

Spring 2019 Edition  
2/7 - 2/20

# WHAT'S NEW?

**Association for Computing Machinery (ACM)  
Coffee and Code**  
Event Date: 02/07/19  
Event Start: 12:00 PM  
Event End: 4:00 PM  
Event Location: KL 397

**Computational Neurology and Transnational Modeling of Brain Disorders**  
Event Date: 02/05/19  
Event Start: 3:15 PM  
Event End: 4:30 PM  
Event Location: SSM 230

 **SASE**  
University of California, Merced

**PROJECT PALOOZA**

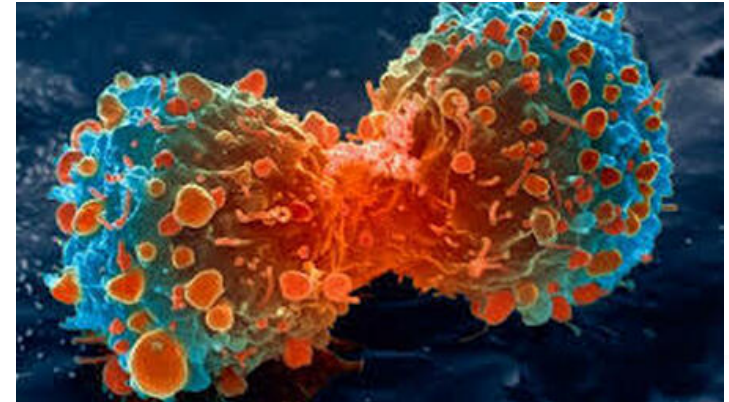

**FEBRUARY 7TH**

FROM 6:00PM - 8:00PM  
CALIFORNIA ROOM

come network with research organizations, engineering & science clubs, and many more great opportunities to help you get the skills needed for your dream job

**SASE Project Palooza**  
Food and drinks will be provided!

Event Date: 02/07/19  
Event Start: 6:00 PM  
Event End: 8:00 PM  
Event Location: California Room

**Modeling and Estimating Heterogeneity in Cancer**

Event Date: 02/08/19  
Event Start: 3:15 PM  
Event End: 4:30 PM  
Event Location: COB1 267

# WORKSHOPS & EVENTS

ERNEST & JULIO  
**GALLO**  
MANAGEMENT PROGRAM  
INNOVATION • SUSTAINABILITY • TECHNOLOGY

## Master of Management

### Faculty Meet-n-Greet

Friday February 8th 1:30-2:30

SSM 203

Email:

[maminsalehi@ucmerced.edu](mailto:maminsalehi@ucmerced.edu)

- Innovative 12-month residential program
- Provides fluency in managerial thinking and practice for recent college grads
- Curriculum focuses on balancing profitability and sustainability using data and behavioral sciences
- Dedicated job placement services

## 2019 Summer Student Design Trainee Program (STEM)

Engineering · Architecture · Planning · Computer Science/Information Services

**Application Deadline:** February 13, 2019

**Starting Salary:** \$28.36/hourly

San Francisco International Airport (SFO) and the City & County of San Francisco offers a citywide STEM internship program for students interested in gaining experience and industry exposure in a local government environment. As an SFO intern, you will gain on-the-job experience under the guidance of experienced professional engineers, architects, planners, biologists, environmental planners, surveyors and ITT staff. Interns will work on special projects and participate in various activities to support SFO's Capital Improvement Plan. Visit <https://www.flysfo.com/about-sfo/jobs/intern/engineering.html> to view the complete list of divisions/sections participating in the 2019 Student Design Trainee Program.

SFO is building remarkable new structures designed to elevate the air travel experience. We are bringing excitement back to air travel while keeping our commitment to being green. Modern materials, technologies and practices will help us achieve Leadership in Energy and Environmental Design (LEED®) status for our new airport structures, and ensure that SFO remains a comfortable and healthy place to work, visit and travel through. As a STEM student you have many choices and we encourage you to begin your work experience in a leading airport recognized globally.

**To apply for this program, go to:**  
<http://www.sfstudentintern.org/>

## 2019 SFO Summer College Internship Program

The San Francisco International Airport (SFO) offers paid internships for all college students. We are hiring for SFO's 2019 Summer College Internship Program (all majors) and SFO's 2019 Student Design Trainee Program for STEM students. Students who wish to be considered for both programs must submit a separate application for each program. To learn about the San Francisco International Airport (SFO), visit [www.flysfo.com](http://www.flysfo.com).

**For information, visit SFO's internship page:** [www.flysfo.com/internships](http://www.flysfo.com/internships)  
**For questions about SFO's Summer College Internships, email:** [SFOInternships@flysf.com](mailto:SFOInternships@flysf.com)

**Application Deadline:** February 14, 2019

**Starting Salary:** \$20.41/hourly

**Work Schedule:** Monday-Friday, 8am-5pm, 40 hours

**Qualifying Majors:** Open to All - Students must have earned 60 or more units and be returning to school in the Fall of 2019.

This program will expose students to the daily operations of the world-class San Francisco International Airport, which serves more than 57 million travelers annually and is a leading economic driver in the region. Students will have the opportunity to gain knowledge, skills, and experience in various offices. Participating sections may include, Aviation Security, Emergency Management, Marketing and Communications, Social Media, Accounting, Business, the SFO Museum, and more.

SFO Summer College interns will receive a full summer experience, including tours of the airport, "Meet and Greets" with executive staff members, and professional development training.
