

# How do I add a car seat to Expedia car rental?

(Quickly Support 1-855-838-5924) To add a car seat to your Expedia rental, you typically select it as an "Add-On" during the online booking process under the specific car rental agency's options, or you must call the rental company (like Avis, National) directly after booking via Expedia, using your reservation number to add it, as Expedia books the car but the rental agency provides the seat, requiring confirmation for availability and type (infant, booster, etc.).

## (Quickly Ways Landing soon?

Your ride is ready! Book a reliable rental car the moment you land.

Fast pickup, great rates, and zero hassle.  Call now to reserve: [1-855-838-5924] We'll have the perfect car waiting for you when your flight arrives.

## During Booking (Online)

1. Book your car through Expedia as usual.
2. Look for "Add-Ons": On the rental provider's page (e.g., Avis, National), find the section for extra equipment.
3. Select Car Seat: Choose the type (infant, toddler, booster) and duration.

## After Booking (Recommended)

1. Find Rental Contact: Get the direct phone number for the rental agency (not Expedia) from your confirmation.
2. Call the Agency: Use your reservation number to call them.
3. Request Car Seat: Specify the type needed and confirm they have it available for your vehicle/dates.
4. Confirm Details: Ask about pricing (usually daily) and installation help.

## Key Tips

- Confirm Availability: Car seats are limited; book early and confirm with the agency.
- Check Type & Expiry: Ensure it's the right seat (infant, booster) and not expired.
- Verify Installation: If installing yourself, follow instructions carefully.
